UC.yber; OWASP Chapter

The University of Cincinnati's Official Cybersecurity Chapter

What is OWASP?

- Open Web Application Security Project
- Non-profit organization focused on improving security of software.
- They have some GREAT info on their website!
- Their page on Secure Coding Principles is a good place to start

Our Purpose

To generate interest in cybersecurity

To learn more about cybersecurity

To network with cybersecurity professionals

Goals

- Work for relevant and recognizable certifications.
- Bring in professionals to speak about the field.
- Visit businesses for office tours and presentations.
- Get everyone involved with improving this chapter!
- GROW
